DIARY NOTES

DD/S w 2

22 October 1962

1. The Director had the Executive Committee for lunch, and immediately afterwards General Carter met with us to bring us up to date on the situation concerning Cuba and the action which would be announced in the President's speech at 1900 tonight.

2. In the course of our meeting with the Director, he requested that Shaf Edward's people check the telephones at his home immediately to ensure that they had not been tapped. (This was done; findings were negative. However, the amplifier in the phone did need attention, and the telephone company is taking care of this.)

3. The Director also asked me to ensure that procedures are worked out before the close of business today whereby all people can be contacted during off-duty hours. I later issued [redacted] inviting the attention of all Operating Officials to Regulation [redacted] which sets up this procedure.

4. [redacted] telephoned to advise me that [redacted] had been retired as a Colonel with 100 per cent disability. He therefore will draw an annuity of \$652.50 per month tax free in addition to his CIA salary. I told [redacted] that I wanted to consider this further as a policy matter but would have to defer it for a few days.
